KEY FEATURES

COMFORT & PERFORMANCE

Balanced frame geometry feels just right – relaxed yet responsive. It handles like a dream when you're riding off-road (or no-road), and yet it's still comfortable when you just want to cruise.

UNSTOPPABLE

4" wide tires empower you to effortlessly float over virtually any terrain including sand, mud or even snow. It's an experience like no other!

BREATHTAKING PERFORMANCE

- A whisper quiet, 749 watt motor delivers best in class acceleration and hill climbing. The sensation of power it gives you is exhilarating.
- A state-of-the-art 48 Volt battery uses the same advanced lithium-ion cells as an electric car. It weighs less than a housecat and can take you up to 56 miles on about 10 cents worth of electricity.
